

NEUROSCIENCE WORKSHOP

Course Leader: Dr. Margaret Mayston, PhD, AM, FCSP

Senior Bobath Tutor, Bobath Centre London; Teaching Fellow, University College London

The Australian Bobath Neurodevelopmental Therapy Association (ABNDTA) is delivering a Foundation Paediatric Course on the treatment of children with cerebral palsy in Perth in 2010. The two day **NEUROSCIENCE** component of the curriculum will be available to people not attending the full course for a registration fee.

Topics that will be covered include:

- Overview of the structure and function of the CNS
- Models of motor control
- Postural control, including balance
- Neuroplasticity
- Application to therapy for cerebral palsy and neurological conditions

WHEN?	26th & 27th August 2010, 9am – 5.00pm
WHERE?	The Centre for Cerebral Palsy 106 Bradford St Coolbinia WA
REGISTRATION:	\$600.00 (includes all course notes; lunch, morning/afternoon tea; 12 month membership to ABNDTA)
Application forms	– www.abndta.asn.au

CLOSING DATE: 14/8/2010
